

The airwaves are given free of charge to networks to serve the public interest. Pappas Telecasting Companies' illegal giveaway of \$325,000 in airtime to GOP candidates without equal airtime to the opposing party is an abuse of public trust. This undermining of our democratic foundations cannot be allowed.

Please stop Pappas' illegal and abusive action in this matter. And please strengthen media ownership regulations--this case is a clear demonstration of the abuse our democracy suffers when deregulation allows the level of conglomeration we currently have.
